

COTA NSW CONSUMER  
REFERENCE GROUPS

## *What matters to you?*

**By 2030 one in three people in NSW will be over 50. This should make issues for older people mainstream.**

COTA NSW wants to hear about the issues that matter to you most in your own community so we can ensure that the **voices of older people** are valued and heard, and their concerns are represented to the government and decision makers.

Members of our policy team will be visiting your community on **30 May 2018**, and we invite you to join us for an informal discussion about a range of issues affecting older people in your community including:

Health and well-being

Working life and retirement

Inclusive communities

Housing choices and affordability

Getting around in your community
